**The anticipated first TV drama series following its 15th anniversary of the TV anime series!!**

The drama series takes place before the high-school detective, Shin-ichi Kudo, is poisoned by the Black Organization which causes his body to shrink and became known as the elementary-school student Conan.

Set in the mid-night city where many dangerous games wriggling around, Shin-ichi, Ran, and Kogoro wakes up trapped in a white cubical cell (the 'white room') with no recollection of how they arrived there. A letter reveals an admirer of Shin-ichi's detective work placed him there to test his deduction abilities. Each white room contains a panel device which when a keyword connected to the case is entered, grants them further access of the room.

First challenge, the panel device with the date, June 24, 2010, suggests Shin-ichi should recall an investigation that occurred on that day, when a photographer murders his lover....
